ONE NIGHT: SONEVA IN AQUA OVERNIGHT EXPERIENCE

Depart Soneva Fushi after breakfast and enjoy a leisurely sail to some of the incredible snorkelling and diving areas within the Baa Atoll, the only UNESCO Biosphere Reserve in the Maldives. Here, we may be lucky enough to spot turtles, dolphins and possibly manta rays (*season and weather dependent). After lunch, snorkel at leisure in the Coral Garden and enjoy a four-course dinner on-board Soneva in Aqua, or alternatively a candlelit dinner at Sobah's restaurant on the shores of Mendhoo Island. Retreat for the evening to the indoor Jacuzzi with the glass-bottomed floor for a different view of the breath-taking marine life. Return in the morning to Soneva Fushi after a session of sunrise yoga on the top deck and a light breakfast.

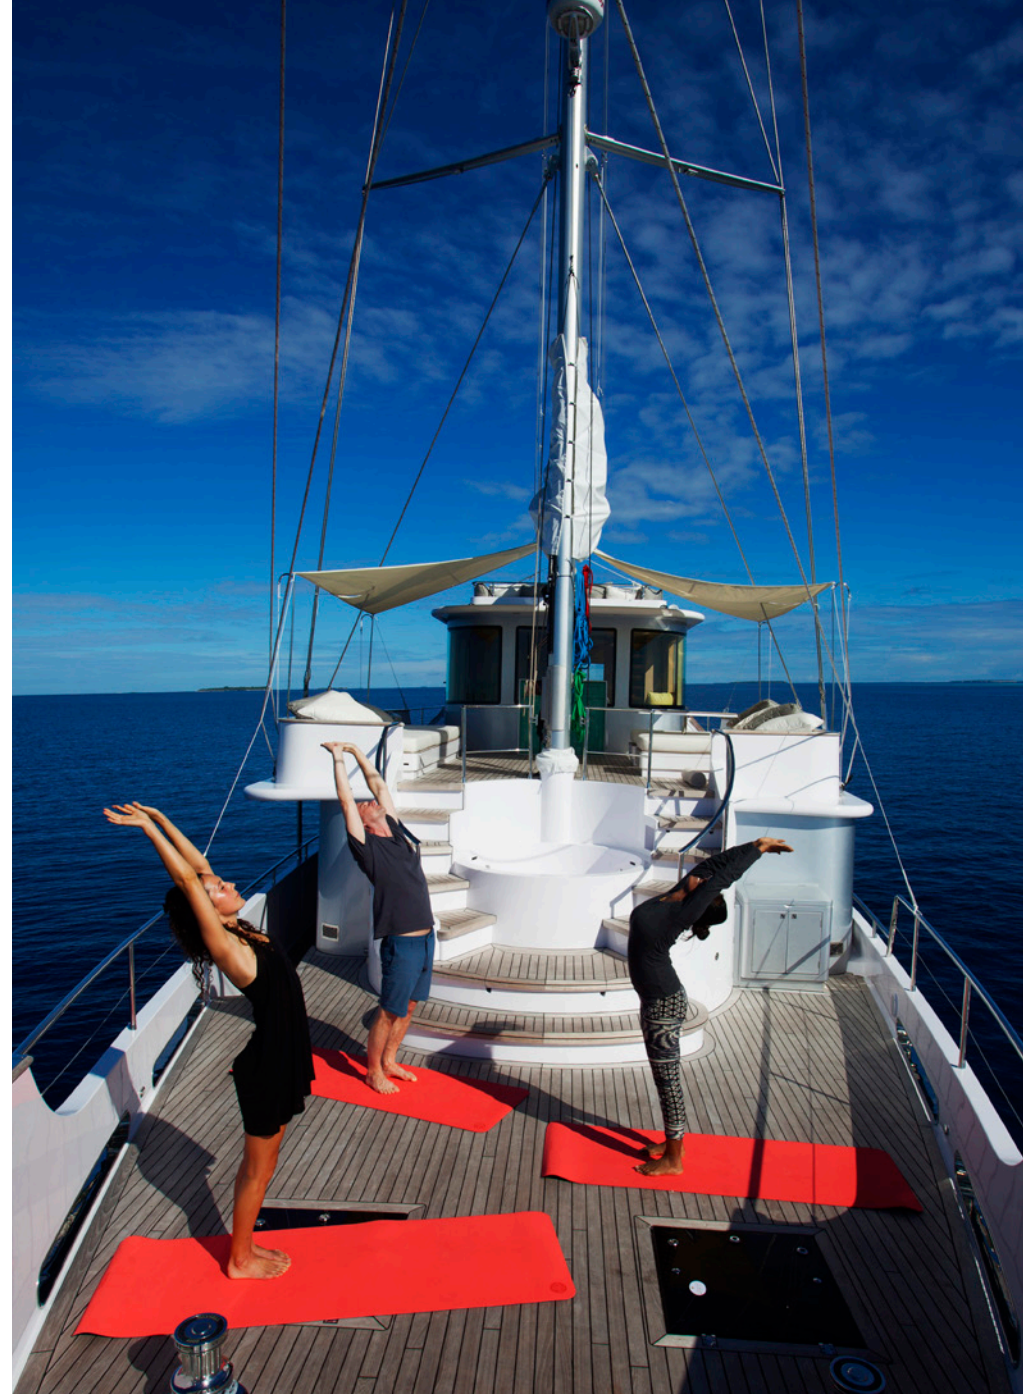

TWO NIGHTS: BAA ATOLL DISCOVERY

After breakfast, we will welcome you on-board Soneva in Aqua where we will set sail to the deserted island of Nabiliga for reef snorkelling and diving (passing by turtle point and dolphin lookout), followed by a Robinson Crusoe Castaway Picnic. In the afternoon, enjoy a spa treatment from our Soneva in Aqua spa menu on the beach, in the privacy of your cabin or on the upper deck. As the sun sets, relax on our spacious outdoor loungers with sparkling wine and canapes while enjoying the sights and sounds of the Baa Atoll. Don't forget to look out for dolphins! When you're ready, a four-course meal will be served. Enjoy learning about the very unique Maldivian sky, which reveals stars and constellations from both the northern and southern hemispheres, before retiring for the evening.

Start the new day with sunrise yoga on the upper deck while we sail towards one of the best dive sites in the Baa Atoll. Maavaru Caves is famous for its corals and marine life, including the honeycomb Moray eel and the huge schools of fish. The overhangs of the cave are filled with soft corals of various pastel colours. Following the dive, a light lunch is offered before we head to another dive site, which is an unspoiled dive site and suitable for experienced divers due to the overhangs and channels. We will then move south towards Goidhoo, which is an important historical site as it was formerly a prison island. Here we can chat over coffee with the local people and explore the large vegetable and fruit farms still grown on the island. We finish the end of another beautiful day with sunset cocktails, followed by a barbecue dinner on Soneva Fushi's private sandbank, with only the ocean and stars for company.

In the morning, enjoy a sunrise Tai Chi session on the deck followed by breakfast, before returning to Soneva Fushi.

THREE NIGHTS: THE TRI-ATOLL ADVENTURE

Our most popular itinerary, guests can get the full Maldivian island experience by exploring three of the most beautiful Atolls in the country: The Baa Atoll, the Raa Atoll and the Noonu Atoll.

After boarding Soneva in Aqua, we will set off on the two-hour journey towards the Raa Atoll, which is filled with uninhabited islands and beautiful scenery. In fact, right up until the 1990s, the Raa Atoll was completely off-limits to tourists, so remains very unspoilt and secluded. A light lunch is served on-board by your personal chef, and following this we will dive at Vadhoo Tila, Fenfushi Giri or Anemone city, depending on the guest preference. Parrotfish, Butterfly Fish and Nudibranchs are all in abundance. In the afternoon, we can do a spot of sustainable line fishing before relaxing for a sunset cruise with sparkling wine and canapes. A four-course dinner will be served following which a movie will be shown under the stars.

Start the day with sunrise yoga on the upper deck. Have a light breakfast before heading underwater in the Noonu Atoll, where it's possible to see sharks and a beautiful reef called 'Christmas Tree Rock'. All-aboard as we sail towards Soneva Jani, where guests can choose to either have lunch in one of the various dining outlets or even spend the night in one of Soneva Jani's overwater villas (at an additional cost). Marvel at the incredible turquoise colour of our 5.6km private lagoon or enjoy a wellness treatment in our beautiful spa. Alternatively, we can visit one of the local historical islands and museums in the area, which proudly display the artefacts of the Atoll. In the evening, enjoy one of our signature experiences: An Astronomical Dinner Cruise, which is served on the upper deck and accompanied by stories from the crew of how they would have navigated using the night sky centuries before.

In the morning, enjoy sunrise meditation on the upper deck as Soneva in Aqua heads back to the Baa Atoll. On the way, we will stop off for snorkeling in Hanifaru Bay, part of the Biosphere protected area and a popular feeding and cleaning station for majestic manta rays (from May to November). A wreck dive could also be arranged in the Lavhiyani Atoll if time permits. If you would like, an authentic local Maldivian village lunch can be prepared for you by the islanders on the nearby Maalhos Island. There is also the chance to explore the island to see the old Mosque and cemetery.

Spend the afternoon relaxing with a spa treatment from our Soneva in Aqua spa menu in the privacy of your cabin or on the upper deck while soaking up the sunshine.

Savour your last night at sea with a sunset cocktail followed by a barbeque dinner on the deserted island of Nibiligaa and the chance to do some night snorkelling if you wish.

Enjoy one last wellness session of sunrise Tai Chi on the deck before the short trip back to Soneva Fushi.
