

Soneva Fushi

THE DEN

Concept

The Den at Soneva Fushi is the first of its kind to be built in the Maldives and one of the largest children's play dens in the world. The project is designed to be a playground for the imagination with lots of creative and fun activities for the whole family!

Facilities

The den has lots of outdoor attractions around the building, such as two pools (a big pool with slide and a nemo-shaped toddlers pool), a pirate ship, a water slide and a sundeck.

Library & Cinema Room

This area contains a roll-down cinema screen with a projector, as well as extensive daybeds for the kids to lounge on and a bookcase with books for all ages and tastes. It is another flexible space that can be used for movies, presentations, lessons or quiet relaxation away from the hustle and bustle.

Dress-up & Make-up Room

This room is for those who want to dress up as their favourite fantasy character or imitate the grown-ups for a while. It contains a large make-up table with a vanity mirror, a full-length mirror, changing room and wardrobes with a wide selection of dressing-up clothes.

Lego and Duplo Room

This is an exciting playroom well equipped with all the latest Lego sets as well as Lego pads and a Lego display area for the children to show off their creations. We also have Duplo sets for the younger kids, allowing for creativity that's easy for little hands with big imaginations.

Music Room

This room contains guitars, a full drum-kit, an electric keyboard, local instruments. Perfect for kids to test out and hone their musical skills.

Learning Area

A large and flexible space with various shapes and sizes of tables and chairs, suitable for all ages. Whether it's to colour, make bracelets, play foosball, and other small games, there is plenty to do.

Kitchen

The kitchen is the perfect place for children to channel their inner chef and learn how to make milkshakes and smoothies, and decorate beautiful cupcakes.

Open Space

The Den is home to large open spaces with plenty of fresh air and light for children to come together and make new friends. We have swings, seesaws, mini volleyball courts, and so much space for children to run, climb, and play.

Pirate Ship

Standing nearly eight metres high, this is the perfect outdoor playground for children. The pirate ship is built from local, sustainable timber.

Swimming Pools – one for children and one for toddlers

The main pool has a large circular slide and a pool bar, so children and parents alike can keep cool whilst having a refreshing drink. The toddlers' pool is shaped and coloured like a clown fish and is built into the edge of the main pool. Sun loungers and umbrellas abound for those who want to relax, whilst a large array of lilos and toys are available to use.

Soft Play and Chill Out Area

A quiet and relaxing play area for children to enjoy soft toys and board games.
