

The Den

The Den at Soneva Kiri is a haven for our younger guests, where their imagination and creativity are encouraged to run free. The children will be properly cared for in a safe environment with top class facilities. The Den is an extraordinary over-ground bamboo-framed structure in the shape of a gigantic manta ray, which hovers amongst the tree tops. Internationally acclaimed eco-focused Dutch architect "Olav Bruin" was chosen as the designer. There are four dedicated rooms set within the free-flowing auditorium. These include the Art Room, Music Room, Games Room and Library which has a catamaran style netting floor. A pièce de résistance is the entrance, which features a drawbridge leading up to a wave of stairs, creating a feeling of excitement and anticipation on arrival.

In addition to our Den, we also have a range of activities including cooking classes and chocolate making. We welcome children from 5 to 12 years and offer a child centred setting while on holiday. What ever their age, we have a fun filled program that they will want to come back again and again.

ACCESS TO THE DEN IS COMPLIMENTARY FOR CHILDREN FROM 5 YEARS OLD (EXCLUDING MEALS).

- Our Den offer childcare seven days a week, between the hours of 10:00 am-18:00pm. (13:00—14:00 closed for lunch)
- Our Den offers evening activities during special occasions (they will be advertised) All children who attend will need permission and for this form to be completed.
- Our Den reserve the right to withdraw any or all-childcare facilities at anytime.
- Any prior existing illness, allergies, special needs (including learning & behavioural difficulties) or disabilities of the child(ren) must be notified before childcare supervision begins.
- If your child(ren) becomes ill during your stay, unfortunately they will have to be removed from our Den childcare service until they are well enough to attend once more.
- Our Den will not be held liable in the event of an accident that is deemed out of its control.
