CONCEPT of Shiba Park Hotel 151

Hospitality from the moment you book

We want our guests from overseas to understand more about Japan, to fall in love with our country, and to experience the true meaning of Japanese hospitality, which we call “*omotenashi*”. So what can we do to accomplish that?

With this concept in mind, while we are a city hotel, the Shiba Park Hotel 151 offers services to provide Japanese inn-style hospitality.

Our hospitality begins the moment you make a reservation.

We want to be in touch with our guests’ needs and to fulfill their desires. We can suggest activities according to the season and the guests’ interests.

A one-of-a-kind globe entitled <ONE WORLD>, at a height of over 1.7 meters, will be set up in the lobby. The globe, on which no borders have been drawn, rests on a pedestal made in the image of Mt. Fuji. As the lobby is a place where our guests from all over the world come and go, this installation will be set out in the hope that visitors can spend some time in harmony, sharing stories while looking upon their home countries, Japan, and the world.

We offer professional services that are different from standard concierge services, in line with our philosophy “Endeavor to be the professional of *Omotenashi*” in mind.

The name Shiba Park Hotel 151 (read “*ichi go ichi*” in Japanese) incorporates these ideas:

- A name that is readable by guests from any country
- A place of respite (151 can be read as “*ikoi*,” or “rest,” in Japanese)
- Likening our services to 151, a prime number, we aim to offer one-of-a-kind, unique hospitality and service

JAPANESE CULTURE SALON SAKURA

Experience Japanese culture at our salon everyday

On the second floor of our hotel, we have a Japanese Culture Salon SAKURA, where, as the name suggests, guests can experience Japanese culture, entertainment, and elements of lifestyle during their stay.

Our hotel staffs serve as instructors.

They will provide lectures on a variety of aspects of Japanese culture that we have been accustomed to since childhood, and are a deep-rooted part of their lives.

SAKURA is open every day. Please feel free to drop by. This is the beginning of the Japanese culture experience. We offer a variety of programs such as *origami* (paper-folding) and Japanese calligraphy. In addition, on an irregular basis, we are also planning to offer tours such as *Bon* dancing at Zojoji, to experience the seasonal delights of Japan.

The Japanese Culture Salon SAKURA will provide a warm welcome to our guests who have selected our hotel for their stay in Japan.

We eagerly await your arrival.
